Who is this guy?

Django Anonymous

The Web framework
for perfectionists
with *a few too many*
deadlines!

Don't flame me bro!

REVSYS | revolution
systems

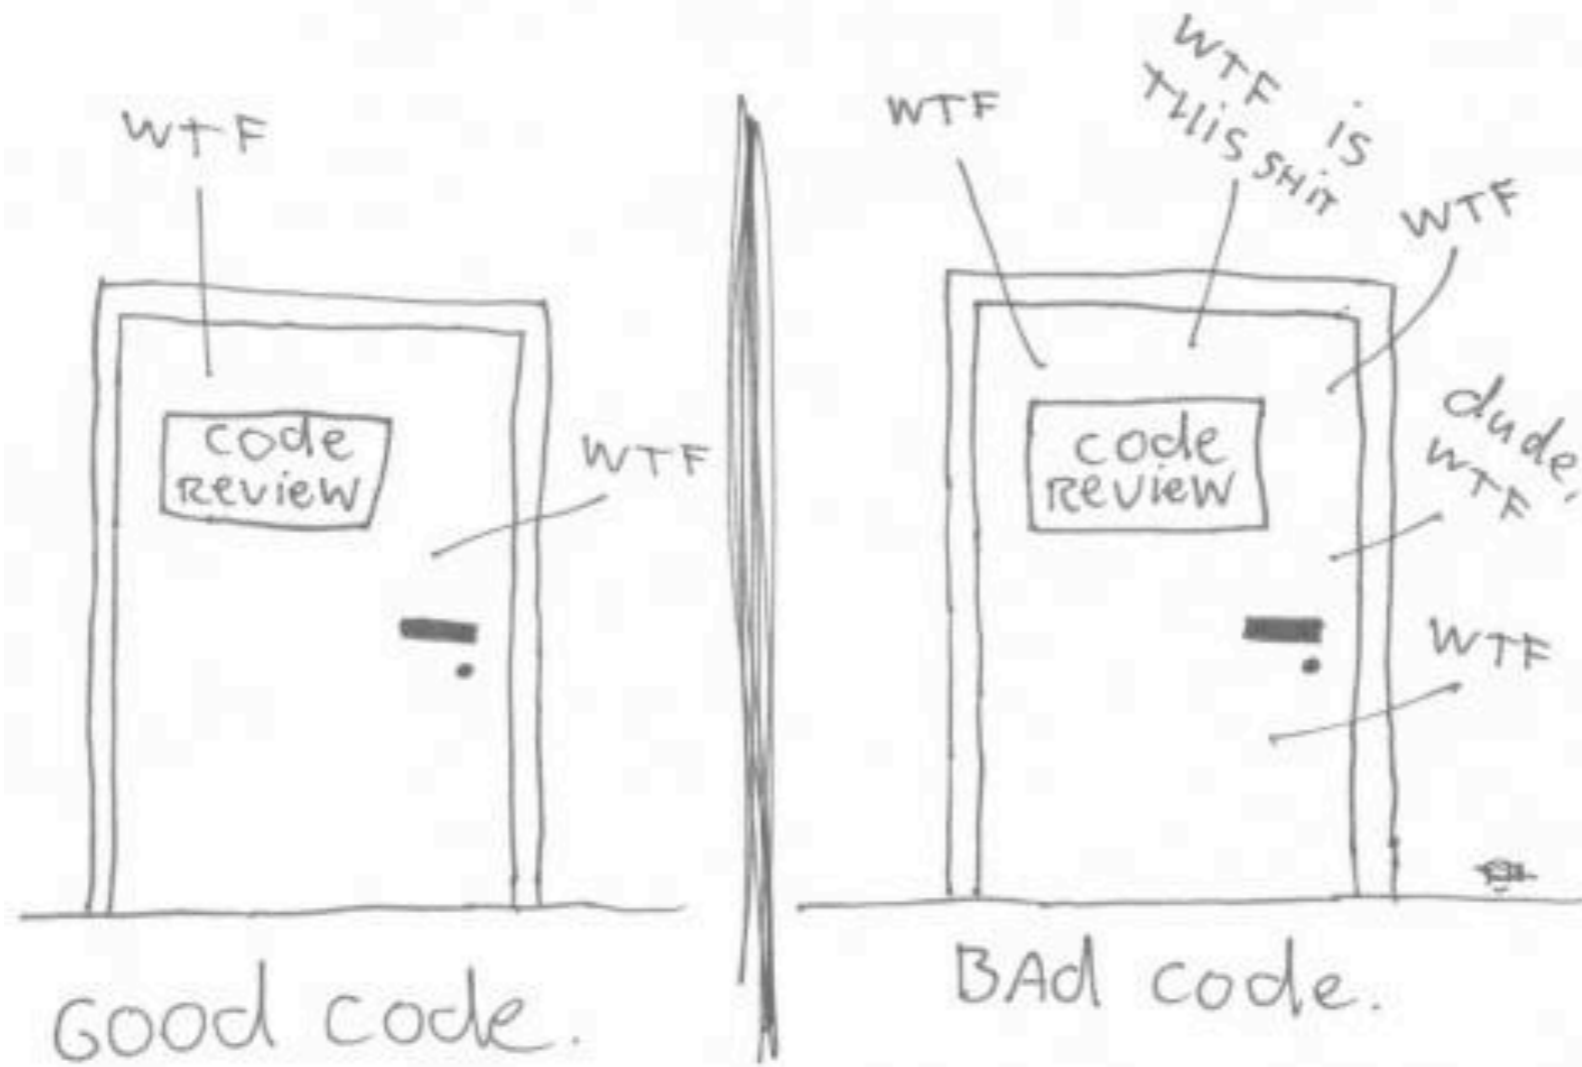

I was afraid to give up my
addiction to Perl

Why am I addicted to Django?

The quality of my code supply is better

The ONLY VALID MEASUREMENT
OF Code QUALITY: WTFs/MINUTE

(c) 2008 Focus Shift

**Preparing to use
is easier...**

**Preparing to use

`django-admin.py` *

`zc.buildout`

Preparing to use is easier...

`django-admin.py *`

`zc.buildout`

Testing setup **MUCH**
easier

I can get to the point
in less than half the time

The hangover is nicer

My hands don't hurt anymore...

The high is
better...

All the cool kids are doing it...

So what *is* Django missing?

- Centralized library/app infrastructure aka CPAN

- Centralized library/app infrastructure aka CPAN
- Need more HOWTO type docs and blog posts on various topics. Perl has the advantage here of an extensive history. Go write more!
